Housing assistance target group

Identifying and definitional attributes

Metadata item type:	Property
Synonymous names:	Target group
METEOR identifier:	269394
Registration status:	Housing assistance , Retired 10/02/2006
Definition:	<p>The target group is a group of people with a particular characteristic or set of characteristics which a particular program/service seeks to assist. Target groups may relate to population groups or communities, families/households, individuals, organisations or labour force groups.</p> <p>Characteristics may include age, cultural identity, geographic location, specific needs and other relevant characteristics.</p>
Context:	Target group is used in describing community services agencies, in service planning and in comparing community needs and service availability.
Property group:	Organisational characteristics

Collection and usage attributes

Comments:	<p>Should be supported by data items delineating the individual characteristics that define the target population, such as sex, country of birth, etc.</p> <p>Note: At the present time very little community services data are classified to target groups but implementations of this classification is under active consideration by the National Community Services Data Committee.</p>
