# Establishment—number of day centre attendances

## Identifying and definitional attributes

Metadata item type:	Data Element Concept
METEOR identifier:	269696
Registration status:	<a href="#">Health</a> , Standard 01/03/2005
Definition:	A count of the number of patient/client visits to day centres. Each individual is to be counted once for each time they attend a day centre. Where an individual is referred to another section of the hospital/centre and returns to the day centre after treatment only one visit is to be recorded.

## Object Class attributes

### Identifying and definitional attributes

Object class:	<a href="#">Establishment</a>
Definition:	Institutions, organisations or the community from which health services are provided. The term establishment covers conventional health establishments and also organisations which may provide services in the community.
Specialisation of:	<a href="#">Organisation</a>
