<b>Comments:</b>	<p>The Medicare card number is printed on a Medicare card and is used to access Medicare records for an eligible person.</p> <p>Up to 9 persons can be included under the one Medicare card number with up to five persons appearing on one physical card.</p> <p>Persons grouped under one Medicare card number are often a family, however, there is no requirement for persons under the same Medicare card number to be related.</p> <p>A person may be shown under separate Medicare card numbers where, for example, a child needs to be included on separate Medicare cards held by their parents. As a person can be identified on more than one Medicare card this is not a unique identifier for a person.</p>
