## Collection and usage attributes

<b>Guide for use:</b>	CODE 1 Involuntary patient  Involuntary patient should only be used by facilities which are approved for this purpose. While each state and territory mental health legislation differs in the number of categories of involuntary patient that are recognised, and the specific titles and legal conditions applying to each type, the legal status categories which provide for compulsory detention or compulsory treatment of the patient can be readily differentiated within each jurisdiction. These include special categories for forensic patients who are charged with or convicted of some form of criminal activity. Each state/territory health authority should identify which sections of their mental health legislation provide for detention or compulsory treatment of the patient and code these as involuntary status.  CODE 2 Voluntary patient  Voluntary patient to be used for reporting to the NMDS-Community mental health care, where applicable.  CODE 3 Not permitted to be reported under legislative arrangements in the jurisdiction  Not permitted to be reported under legislative arrangements in the jurisdiction, is to be used for reporting to the National Minimum Data Set - Community mental health care, where applicable.
