**Implementation in Data Set Specifications:** [Health care provider identification DSS](#)  
[Health](#), Superseded 04/07/2007

**DSS specific information:**

This date must:

- be greater than or equal to the provider occupation start date;
- be a valid date;
- be collected for each provider occupation recorded.

If the date is estimated in some way, it is recommended that the metadata item *Date accuracy indicator* also be recorded at the time of record creation to flag the accuracy of the data.

For data integrity, data exchange, future data analysis and/or manipulation of data from diverse sources the *Date accuracy indicator* must be used in conjunction with the *provider occupation end date* in all instances to ensure accuracy.
