# Community housing provider—management structure

## Identifying and definitional attributes

Metadata item type: Data Element Concept

METEOR identifier: 292073

**Registration status:** Housing assistance, Superseded 01/05/2013

**Definition:** Whether the community housing provider is Indigenous or non-Indigenous

managed.

# Object Class attributes

#### Identifying and definitional attributes

Object class: Community housing provider

**Definition:** A not-for-profit organisation that provides safe, secure, affordable and appropriate

rental housing.

**Context:** Community housing, along with public rental housing, is part of the social housing

sector and provides housing assistance on a basis which is respectful of tenants rights, including opportunities for participatory management, and constructive of

links with community development.

Community housing can cover short, medium and long-term tenancies.

Community housing providers manage the provision of housing assistance and as such are the main source of information about the tenants in the community housing

sector.

Community housing providers may include:

housing cooperativeshousing associations

· other community service organisations

Specialisation of: Organisation
