Maximum character length:	8
Unit of measure:	Australian currency (AU$)

Collection and usage attributes

Guide for use:	This value domain must be expressed to two decimal places. Where there is a dollar value and no cent value, the cents must be expressed as .00 (e.g. 100.00).

Data element attributes

Collection and usage attributes

Guide for use: The rent charged is the amount of money the household is required to pay. It may differ from market rent and may not have been received.

Collection methods: As the rent charged to a household may change over time, this metadata item should be linked to the date rent is due.

Rent charged to household is typically recorded on a weekly basis. For the housing assistance national data collections, it is recorded as rent charged for the week of 30 June.

Source and reference attributes

Submitting organisation: National Housing Data Development Committee
