Transgender

Identifying and definitional attributes

Metadata item type: Glossary Item

METEOR identifier: 398610

Registration status: Community Services (retired), Standard 06/02/2012

Health, Superseded 23/08/2018

Definition: A transgender person is a person who:

(a) identifies as a member of a different sex by living, or seeking to live, as a

member of that sex; or

(b) has identified as a member of a different sex by living as a member of that sex;

whether or not the person is a recognised transgender person.

Collection and usage attributes

Comments: A person's sex may change during their lifetime as a result of surgical procedures

known alternatively as sex change, gender reassignment, transsexual surgery, transgender reassignment or sexual reassignment. Throughout this process, which may be over a considerable period of time, sex could be recorded as either male

or female.
