Collection and usage attributes

Guide for use:	Service contacts are not restricted to in-person communication but can include telephone, video link or other forms of direct communication.
	CODE 1 Yes
	This code is to be used for service contacts between a mental health service provider and the patient/client in whose clinical record the service contact would normally warrant a dated entry, where the patient/client is participating.
	CODE 2 No
	This code is to be used for service contacts between a mental health service provider and a third party(ies) where the patient/client, in whose clinical record the service contact would normally warrant a dated entry, is not participating.
Collection methods:	For the purposes of activity based funding this item can be derived from existing data elements.
	Specialised ambulatory - mental health care service contacts: this item can be derived from [Mental health service contact- patient/client participation indicator, yes/no code N](#)
	Non-specialised ambulatory - non-admitted patient service events: For these events the indicator should always indicate Yes, unless the reported service event is an occurrence of a [multi-disciplinary case conference where the patient is not present](#).
