# National Health Data Dictionary Version 13.1

The national metadata standards for the health sector are published in the National Health Data Dictionary by the Australian Institute of Health and Welfare.

## Downloading the NHDD

The NHDD downloaded from METEOR on 05/01/2007. Changes to the data elements and data set specifications since version 13 of the NHDD was published are available in a separate document called '*National health data dictionary summary of updates since version 13*'.

### Large file warning

The NHDD is a large document that has been broken up into 8 volumes with the data elements in alphabetical order by 'Short name'. Some of the Word documents are 3 MB and may exceed the capacity of some systems if downloaded.
