Enquiries or comments on the METEOR metadata or download should be directed to the METEOR team at meteor@aihw.gov.au.

Metadata item - Data Set Specification

The following information is applicable to data set specifications only.

Definition

A list of the metadata items (either data elements of data set specifications) which are included this data set specification.

Obligation

Mandatory completion.

Development rules

A data set specification must include at least two metadata items.

The metadata items included in the data set specification should be listed according to sequence number (or alphabetically if the sequence number is not specified).
