Person—proteinuria status

Identifying and definitional attributes

Metadata item type:	Data Element Concept
METEOR identifier:	269778
Registration status:	Health , Standard 01/03/2005
Definition:	The presence of excessive protein in the urine of the person.
Context:	Health care and clinical settings: Proteinuria is one of several indicators for renal disease or of conditions leading to renal disease. Renal disease when detected early is often responsive to intervention.

Object Class attributes

Identifying and definitional attributes

Object class:	Person
METEOR identifier:	268955
Registration status:	Health , Standard 01/03/2005 Community Services (retired) , Standard 01/03/2005 Housing assistance , Standard 01/03/2005 Early Childhood , Standard 21/05/2010 Homelessness , Standard 23/08/2010 Independent Hospital Pricing Authority , Standard 01/11/2012 WA Health , Standard 06/03/2014 Indigenous , Standard 11/08/2014 Disability , Standard 07/10/2014 National Health Performance Authority (retired) , Retired 01/07/2016 Tasmanian Health , Standard 31/08/2016 Children and Families , Standard 22/11/2016 Commonwealth Department of Social Services (retired) , Standard 20/06/2018 Youth Justice , Standard 15/02/2022 Australian Teacher Workforce Data Oversight Board , Standard 30/08/2022 Aged Care , Standard 30/06/2023 Commonwealth Department of Health , Retired 19/10/2023 Australian Institute of Health and Welfare , Qualified 17/01/2024
Definition:	A human being.

Collection and usage attributes

Comments:	Prior to 13 March 2018, the definition of the 'Person' Object class was 'A human being, whether man, woman or child'. From 13 March 2018, the definition was edited by removing the words '...whether man, woman or child' so that a person is defined as 'A human being'. This amendment was undertaken to align the definition of a person with the <i>Australian Government Guidelines on the Recognition of Sex and Gender</i> and the Australian Bureau of Statistics (ABS) <i>Standard for Sex and Gender Variables</i> , which recognise that there are sex and gender types that are not exclusively male or female.
