Value domain attributes

Representational attributes

Representation class:	Date
Data type:	Date/Time
Format:	DDMMYYYY
Maximum character length:	8

Source and reference attributes

Submitting organisation:	Australian Institute of Health and Welfare

Data element attributes

Collection and usage attributes

Guide for use:	Record the date or dates on which the newborn's **Qualification status** changes from acute (qualified) to unqualified or vice versa. If more than one change of qualification status occurs on a single day, the day is counted against the final qualification status. Must be greater than or equal to admission date.
