Collection and usage attributes

Guide for use:	<p>CODE 1 Withdrawal management (detoxification)</p> <p>Refers to any form of withdrawal management, including medicated and non-medicated.</p> <p>CODE 2 Counselling</p> <p>Refers to any method of individual or group counselling directed towards identified problems with alcohol and/or other drug use or dependency. This selection excludes counselling activity that is part of a rehabilitation program as defined in Code 3.</p> <p>CODE 3 Rehabilitation</p> <p>Refers to an intensive treatment program that integrates a range of services and therapeutic activities that may include counselling, behavioural treatment approaches, recreational activities, social and community living skills, group work and relapse prevention. Rehabilitation treatment can provide a high level of support (i.e. up to 24 hours a day) and tends towards a medium to longer-term duration. Rehabilitation activities can occur in residential or non-residential settings. Counselling that is included within an overall rehabilitation program should be coded to Code 3 for Rehabilitation, not to Code 2 as a separate treatment episode for counselling.</p> <p>CODE 4 Pharmacotherapy</p> <p>Refers to pharmacotherapies that include those used as maintenance therapies (e.g. naltrexone, buprenorphine, and methadone treatment) and those used as relapse prevention. Use Code 1 (withdrawal management) where a pharmacotherapy is used solely for withdrawal. Note collection exclusions: excludes clients who are on an opioid pharmacotherapy maintenance program and are not receiving any other form of treatment.</p>
