Collection and usage attributes

Guide for use: Category 4.1 includes:

Government employer (e.g. where government employer provides accommodation

as part of employment arrangements such as defence personnel in military

establishments).

Category 4.2 includes:

Non-government employer (e.g. where a mining company provides

accommodation as part of the employment arrangements).

Care needs to be taken when collecting this information from people who pay rent

to a real estate agent. It should not be assumed that if a person says they pay rent to a real estate agent that the landlord type is 1.2 private - not in the same household. If a respondent has indicated only that they pay rent to a real estate agent and it is not possible to clarify the landlord type, then this should be coded as

5 unknown.
