## Data element attributes

## Collection and usage attributes

<b>Guide for use:</b>	<p>This metadata item is asking for actual staff hours worked, not the rostered hours or full-time equivalent staff.</p> <p>Contract staff employed through an agency are included where the contract is for the supply of labour (e.g. nursing) rather than of products (e.g. photocopier maintenance).</p> <p>Where agencies have fortnightly pay rolls this metadata item may be calculated by dividing fortnightly hours worked by 2.</p>
<b>Collection methods:</b>	In some collections this metadata item may be specified as the hours on a specific week (such as the Commonwealth State/Territory Disability Agreement (CSTDA) National Minimum Data Set (NMDS), where the week leading up to the 'snapshot' collection day is the week counted). Other collections may specify a 'usual' week or an average week calculated from a number of weeks or the entire year.
