Representational attributes

Representation class:	Date
Data type:	Date/Time
Format:	DDMMYYYY
Maximum character length:	8

Source and reference attributes

Submitting organisation: Australian Institute of Health and Welfare

Data element attributes

Collection and usage attributes

Guide for use:

This metadata item should always be recorded as an 8-digit valid date comprising day, month and year. Year should always be recorded in its full 4-digit format. For days and months with a numeric value of less than 10, zeros should be used to ensure that the date contains the required 8 digits. For example, July 1 2002 should be recorded as 01072002.

If day and month is unknown the date is assumed to be 1 January of the corresponding year.

The date the certificate of occupancy was issued can be used to determine the *Dwelling-construction completion date, DDMMYYYY*.
