Person—service activity type, (requested) code (NCCS v2.0) ANN{.N{.NN}}

Exported from METEOR (AIHW's Metadata Online Registry)

Person—service activity type, (requested) code (NCCS v2.0) ANN{.N{.NN}}

Identifying and definitional attributes

Metadata item type:	Data Element
Short name:	Service activity type requested
METEOR identifier:	270406
Registration status:	[Community Services (retired)](#), Standard 01/03/2005
Definition:	The type(s) of assistance that a person or persons requests from a community service agency, as represented by a code.
Context:	Service planning:
	Useful in the analysis of unmet demand where a person asks for assistance but it is not provided. This information can be used by agencies to plan appropriate services for their **[target group](#)**, and by funding departments to help them make better decisions about services.
Data Element Concept:	[Person—service activity type](#)
Value Domain:	[Service activity type code (NCCS v2.0) ANN{.N{.NN}}](#)

Value domain attributes

Representational attributes

Classification scheme:	[National Classifications of Community Services version 2.0](#)
Representation class:	Code
Data type:	String
Format:	ANN{.N{.NN}}
Maximum character length:	8

Source and reference attributes

Data element attributes

Collection and usage attributes

Guide for use:	A person or persons may request more than one type of assistance on a single occasion.
	Categories used in individual community services data collections should be mappable to the service activities classification in the National Classifications of Community Services, version 2.0 (NCCS v2.0). Service activities should be collected according to the lower level of coding in the NCCS v2.0.
	To meet program or service specific needs, the categories used in individual data collections may be more detailed than those in the service activities classification but they should always be mappable to categories in this classification.
Collection methods:	This metadata item can be collected for the main service activity type requested or all types.
