Collection Methods:	<p>Care needs to be taken when collecting this information from people who pay rent to a real estate agent. It should not be assumed that if a person says they pay rent to a real estate agent that the landlord type is 1.2 private - not in the same household. If a respondent has indicated only that they pay rent to a real estate agent and it is not possible to clarify the landlord type, then this should be coded as 5 unknown.</p>
