Data element attributes

Collection and usage attributes

Guide for use: Where the exact dollar amount for community awareness/health promotion services is unable to be provided an estimate should be derived from available local information. Where data are unavailable on grant amounts for specific service types, the value of grants not allocatable to specific service types should be reported under other and unspecified services grants to non-government organisations.

Collection methods: Grants for community awareness/health promotion services are to be reported at the lowest statistical unit level at which the expenditure occurred (state/territory or region), and should not be counted at more than one level.
