Value	Meaning																				
1	First name title																				
2	Second name title																				
3	Third name title																				
4	Fourth name title																				
5	Fifth name title																				
6	Sixth name title																				
7	Seventh name title																				
8	Eighth name title																				
9	Ninth and subsequent name title																				

Data element attributes

Collection and usage attributes

Collection methods: Multiple Name titles may be recorded. For the purpose of positive identification of a person, each Name title must have a Name title sequence number recorded.

Example: Professor Sir John Markham

In the example above 'Professor' would have a name title sequence number of 1 and 'Sir' would have a name title sequence number of 2.
