Specialised mental health service—residual expenditure (mental health promotion), total Australian currency N[N(8)]

Identifying and definitional attributes

Metadata item type:	Data Element
Short name:	Residual expenditure (mental health service)—mental health promotion
METEOR identifier:	290156
Registration status:	Health , Superseded 16/01/2020
Definition:	Expenditure in Australian dollars by specialised mental health services that cannot be directly related to programs operated by a particular organisation or service unit (that is, can only be indirectly related to a particular organisation or service unit). It refers to the organisation, region or state/territory administration expenditure dedicated specifically to mental health promotion objectives. Mental health promotion is defined as activities designed to lead to improvement of the mental health functioning of persons through prevention, education and intervention activities and services.
Data Element Concept:	Specialised mental health service—residual expenditure (mental health promotion)
Value Domain:	Total Australian currency N[N(8)]

Format:	N[N(8)]
Maximum character length:	9
Unit of measure:	Australian currency (AU\$)

Source and reference attributes

Submitting organisation:	Australian Institute of Health and Welfare
---------------------------------	--

Data element attributes

Collection and usage attributes

Guide for use:	<p>Excludes grants to non-government organisations for services that are to be reported separately. These are grants for accommodation services, advocacy services, community awareness services, counselling services, independent living skills support services, pre-vocational training services, psychosocial support services, recreational services, respite services, self-help support group services and other unspecified services grants.</p> <p>Reporting expenditure against this item is not intended to be based on costing of activities that retrospectively, entailed a significant mental health promotion component. Instead it should be confined to financial allocations that were clearly targeted towards mental health promotion objectives.</p>
-----------------------	---

Collection methods:

Residual mental health expenditure is to be reported only at the level at which the expenditure occurred (state/territory, region or organisational), and should not be counted at more than one level.

Do not count these costs if they have been included in the expenditure reported by service delivery organisations within the region.
