Representational attributes

Representation class:	Code	
Data type:	Number	
Format:	N	
Maximum character length:	1	
	Value	**Meaning**
Permissible values:	1	Yes – first instance of a care and protection order
	2	No – child has been on an order in this jurisdiction
	3	No – child has been on an order in another jurisdiction
	8	Not known

Collection and usage attributes

Guide for use:	CODE 1
	Yes—if this is the first care and protection order the child has ever been on in his/her life.
	CODE 2
	No – child has been on an order in the past 5 years in this jurisdiction.
	CODE 3
	No – child has been on an order in the past 5 years in another jurisdiction
Collection Methods:	Where it is not possible to determine if a child has been on an order in another jurisdiction in the past 5 years, the child should be placed in category 1.
