Implementation in Data Set Specifications:

[Commonwealth State/Territory Disability Agreement NMDS - 1 July 2006 Community Services \(retired\)](#), Superseded 14/12/2008

DSS specific information:

This item indicates the last time a person received a service during a reporting period. It does not indicate the date that they exited the service, or the date in which the service user's form was completed.

This item may be used as an indicator of the 'active' or 'inactive' status of service users, for a particular reporting period. It can also be used to calculate the length of time service users received a CSTDA-funded service type for those who have not exited the program and so not have an exit date (end date).

DSS specific information:

This data element refers to a specific provision of a service (a service event) within the service episode.

In the Specialist Homelessness Services NMDS, this data element is collected for all clients.

In the Specialist Homelessness Services NMDS, the reporting period is defined as being a calendar month. Therefore any date of the calendar month may be reported for this Data Element.

This data element is collected for the last service provision date within the reporting period. If the last provision of a service was also the end of the service episode, as recorded by the data element Service episode—episode end date, DDMMYYYY, then the same date will be recorded for both data elements. If the last provision of a service is not the end of the service episode (i.e. where other services continue to be provided) the actual date of the end of the service event should be recorded. However if the service event within the service episode is ongoing to the next reporting period, ie ongoing to the following month, then the Service event—last service provision date, DDMMYYYY will be recorded as the last day of the current month.

This data element should ascertain the actual date of service, not the date when the data is recorded.
