Medical indemnity claim management episode—reserve size

Identifying and definitional attributes

Metadata item type:	Data Element Concept
METEOR identifier:	329851
Registration status:	Health , Superseded 21/11/2013
Definition:	The estimated cost to the health authority of a medical indemnity claim when closed, including legal and investigative costs and claimant payment costs.

Object Class attributes

Identifying and definitional attributes

Object class:	Medical indemnity claim management episode
Definition:	The management of a medical indemnity claim and recording the information relevant to that claim. Some main tasks in managing a medical indemnity claim include investigation of the allegations and facts related to the claim, engaging legal expertise, setting a reserve to cover costs arising from the claim and covering costs as they arise. Documentation of the conduct and outcomes of claim management produces the information relevant to the claim.
Specialisation of:	Service/care event
