Implementation end date: 30/06/2014

DSS specific information:

This item is used in conjunction with 'Communication method'.

In the DS NMDS, the method of communication along with how effective it is are collected in one question using the following codes:

- 1 Spoken language (effective)
- 2 Sign language (effective)
- 3 Other effective non-spoken communication (e.g. Canon Communicator, Compic)
- 4 Little, or no effective communication
- 5 Child aged under 5 years (not applicable)

If the communication method varies over time and it is difficult to say what the usual method is, please report the most effective method during the reference week.

Implementation start date: 01/07/2014

Implementation end date: 30/06/2015

DSS specific information:

This item is used in conjunction with 'Communication method'.

In the Disability Services Minimum Data Set (DS NMDS), the method of communication along with how effective it is are collected in one question using the following codes:

- 1 Spoken language (effective)
- 2 Sign language (effective)
- 3 Other effective non-spoken communication (e.g. Canon Communicator, Compic)
- 4 Little, or no effective communication
- 5 Child aged under 5 years (not applicable)

If the communication method varies over time and it is difficult to say what the usual method is, please report the most effective method during the reference week.
