Permissible values:		Under 12 years
		12 - 14 years
		15-17 years
Supplementary values:		Not stated

Source and reference attributes

Submitting organisation:	Supported Accommodation Assistance Program Information Sub-Committee (SAAP-ISC).

Data element attributes

Collection and usage attributes

Guide for use:	If a person under 18 seeks accommodation without a parent/guardian, they are counted using the age range for an adult.
Collection methods:	This item is collected for each age range by sex.
Comments:	This data element is used to count the number of children in each age group that are accompanying a parent/guardian seeking accommodation. Information on the age groups and sex of people requesting accommodation is primarily used for demographic counting purposes and can also assist in examining reasons why the accommodation or support needs of different groups may not be met by SAAP agencies.
