Value domain attributes

Identifying and definitional attributes

Value domain:	Yes/no/not applicable code N
METEOR identifier:	376100
Registration status:	Health , Standard 25/08/2011 Indigenous , Standard 16/09/2014
Definition:	A code set representing 'yes', 'no' and 'not applicable'.

Representational attributes

Representation class:	Code	
Data type:	Number	
Format:	N	
Maximum character length:	1	
	Value	Meaning
Permissible values:	1	Yes
	2	No

Source and reference attributes

Submitting organisation: Australian Institute of Health and Welfare

Data element attributes

Collection and usage attributes

Comments: Perceived psychological distress is a non-specific dimension of psychopathology and it indicates that something is wrong. It does not necessarily involve a mental illness or require services from the mental health system. However, cultural variations in experiencing and expressing the inner feelings and emotions have to be taken into account when interpreting the results (ECHIM 2008).
