# Trust

## Identifying and definitional attributes

<b>Item type:</b>	Framework Dimension
<b>METEOR identifier:</b>	392694
<b>Description:</b>	Trust lies at the heart of all positive relationships, whether between individuals or groups, and as such is a key dimension of social capital. People's trust in others is often described with reference to the type of relationship: interpersonal trust refers to individuals well known to them, social trust refers to casual acquaintances or strangers, and civic trust refers to public or high-profile institutions.
