

Social and support networks

Social and support networks are the connections between individuals and groups. These networks refer to the informal relationships people have with family, friends, neighbours, work colleagues and other members of their community. Support networks can act in a variety of ways, such as provision of information or emotional, practical or financial support, and these in turn provide individuals with a sense of belonging.

Indicators in this framework

- [National Disability Agreement: b\(1\)-Proportion of people with disability who participate in social and community activities, 2012](#)
[Community Services \(retired\)](#), Superseded 23/05/2013
- [National Disability Agreement: b\(2\)-Proportion of people with disability who participate in social and community activities, 2012](#)
[Community Services \(retired\)](#), Superseded 23/05/2013
- [National Disability Agreement: b\(3\)-Proportion of people with disability who participate in social and community activities, 2012](#)
[Community Services \(retired\)](#), Superseded 23/05/2013
- [National Disability Agreement: b\(1\)-Proportion of people with disability who had face-to-face contact with ex-household family or friends in the previous week, 2013](#)
[Community Services \(retired\)](#), Standard 23/05/2013
[Disability](#), Standard 13/08/2015
- [National Disability Agreement: b\(2\)-Proportion of people with disability who travelled to a social activity in the last two weeks, 2013](#)
[Community Services \(retired\)](#), Standard 23/05/2013
[Disability](#), Standard 13/08/2015
