# Food, water and air

## Identifying and definitional attributes

**Item type:** Framework Dimension

**METEOR identifier:** 392702

**Description:** Living in an environment free from harmful levels of pollution, with access to safe drinking water and nutritious food, are fundamental needs of healthy living.

These basic requirements greatly influence the health and wellbeing of individuals and communities.

The indicators presented in this section represent key issues relating to the opportunities, constraints and choices that face Australians as they seek to lead healthy lives.
