National Public Hospital Establishment Database (NPHEd)

Identifying and definitional attributes

Item type: Data Source

METEOR identifier: 395090

Description: The National Public Hospital Establishment Database (NPHEd) is compiled from data supplied by the state and territory health authorities. It is a collection of electronic records for public hospitals within Australia. All records are based on information collected for financial years. Data is held for the years 1993-94 to 2007-08.

Almost all public acute and public psychiatric hospitals in Australia are included.
