## Accountability attributes

**Organisation responsible for providing data:** Australian Bureau of Statistics

**Further data development / collection required:** Specification: Long-term

Mechanisms for reporting annually in between surveys could be explored.

Reliable data on Indigenous adolescents would be useful. Expanding the National Drug Strategy Household Survey (Australian Institute of Health and Welfare) and the Australian Bureau of Statistics (ABS) Indigenous specific surveys would provide sufficiently robust and regular data.

**Other issues caveats:** Proportions are directly age-standardised to the Australian population as at 30 June 2001
