# Name - Data Source

The following information is only applicable to data sources.

## Definition

A specific data set, database and reference from where data are sourced.

## Obligation

Mandatory completion

## Development rules

- State the full and formal name of the data source, for example the 'National Perinatal Data Collection (NPDC)' or 'Survey of Disability and Carers (SDAC)', as specified by the auspice body responsible for defining the Indicators. Wherein, there is not a specific collection name, the source of the data is an accepted reference such as 'Medicare data' or 'DVA data'.
- Capital letters may be used for the first letter of each word in the data source.
