Name - Indicator Set

The following information is only applicable to indicator sets.

Definition

A single or multi-word designation assigned to a set of indicators by the auspice body responsible for defining the indicators. This appears in the heading for each indicator, for example the 'National Health Agreement'.

Obligation

Mandatory completion.

Development rules

The indicator sets are composed of the following components:

Agreement name+colon+space+Year agreement last updated (or active period if agreement applies over a number of years). For example: National Healthcare Agreement: 2010.

State the full and formal name of the agreement, for example the 'National Healthcare Agreement', as specified by the auspice body responsible for defining the Indicators.

Capital letters may be used for the first letter of each word in the Indicator set name.

The year the agreement was instituted should be included in the Indicator set name, for example, National Healthcare Agreement: 2010.
