Comments:

Note that this indicator does not cover HACC services.

Excludes people receiving aged care services in acute care hospitals.

For denominator data (total population and Indigenous status) population projections based on 2006 Census are used. These projections are prepared for the Department of Health and Ageing (DoHA) by the Australian Bureau of Statistics (ABS) according to the assumptions agreed to by DoHA.

Most recent data available for 2011 CRC report: 2008–09 (updated to include Innovative Care Pool data) and 2009–10.
