

Medical indemnity claim

Identifying and definitional attributes

Metadata item type: Object Class

METEOR identifier: 421801

Registration status:

- [Health](#), Standard 07/12/2011

Definition: An umbrella term which includes medical indemnity claims that have materialised and potential claims. A single medical indemnity claim, that is a single record, in the Medical Indemnity National Collection may encompass one or more claims made by a single claimant in respect of a particular health-care incident, and may involve multiple defendants.
