## Collection and usage attributes

**Guide for use:**

CODE OFF Official address

This code indicates that the address and its component parts have been formally assigned by the responsible state jurisdiction/s.

CODE VAL Valid alias address

This code indicates that the address is an acceptable alias to the official address by the responsible state jurisdiction/s.

CODE INV Invalid alias address

This code indicates a non-official address, for example, a vanity address where a perceived up-market locality name is incorrectly used in place of the officially assigned locality name.

CODE OBS Obsolete address

An address that is no longer valid, for example, where there is a change of street name, change of locality or where a RMB address previously used has been replaced by Rural Numbering.

CODE UNK Not stated/unknown

Where the Address Status is not stated or unknown a null entry will be recorded.
