

ABS Survey of Disability, Ageing and Carers (SDAC), 2009

Identifying and definitional attributes

Item type: Data Source

Description: The Survey of Disability, Ageing and Carers (SDAC) was conducted by the Australian Bureau of Statistics (ABS) throughout Australia, from April to December 2009. The primary objective of the survey was to collect information about three population groups:

- people with a disability
- older people (i.e. those aged 60 years and over)
- people who provide assistance to older people and people with disabilities.
