Data element attributes

Collection and usage attributes

Guide for use:	Mental health consumer workers are persons employed (or engaged via contract) on a part-time or full-time basis, i.e. the person received a salary or contract fee on a regular basis. It does not refer to arrangements where the consumer worker only received reimbursements of expenses or occasional sitting fees for attendance at meetings. Mental health consumer workers employed at the jurisdictional or regional level are considered in-scope. Salary costs should be apportioned between all establishments, as deemed appropriate by the jurisdiction (full-time-equivalent staff figures should be apportioned on the same basis).
Collection methods:	Note: This code is only to be reported for the Mental Health Establishments NMDS. For Public hospital establishments NMDS data are to be reported in a category according to specific state and territory arrangements.
