Data element attributes

Collection and usage attributes

Guide for use: Name title is a prefix to a person's name.

Name title should not be confused with a person's job title.

This data element may be repeated where more than one name title is associated

with a person, e.g. Honourable Doctor (Hon Dr).

Collection methods: This data element is to be interchanged in its abbreviated format; standard

abbreviations for some common English language Name Titles are listed at Appendix A of Standards Australia AS 4590—2006 Interchange of client

information.

Mixed case should be used (rather than upper case only).

The Name title for Master should only be used for persons less than 15 years of

age.

Name titles for Doctor and Professor should only be applicable to persons of

greater than 20 years of age.
