	7	Group (unrelated adults)
Supplementary values:	9	Not stated/inadequately described

Data element attributes

Collection and usage attributes

Comments:	It should be noted that only usual residents of a household are considered when describing and categorising households by Household type. Visitors to a household are, by definition, excluded from the household. Usual residence of members of a household is defined as '...that address at which the person has lived or intends to live for a total of 6 months of more' (Census Dictionary 1996).
