Data element attributes

Collection and usage attributes

Guide for use:	Records whether a person with cancer or (if male) their partner has carried a pregnancy to term, including a live birth, after treatment for cancer. For females, record 'yes' if they have carried a pregnancy to term. For males, record 'yes' if they have had a partner who has carried their biological child to term. When an individual has not been part of an active attempt to become pregnant for a 6 month period this should be recorded as not applicable. This item will only be suitable for collections which involve long term follow up.
