Collection methods:

Government funding for this item should only be reported for those early childhood education and care services that receive:

- state or territory government funding, or for which the state or territory government has primary responsibility for service provision
- Australian Government funding.

Funding received by states or territories through the National Partnership Agreement on Early Childhood Education should be **included** under state or territory funding.

Australian Government funding refers only to funding for Child Care Benefit (CCB)-approved services that provide a preschool program. These are predominantly Long Day Care services that also provide a preschool program.

Funding of services primarily for capital works should be **excluded**.

Comments:

This item categorises services by funding type to provide contextual information for the Report on Government Services (RoGS).

The presentation of preschool data in the RoGS is yet to be determined, but this item will allow preschool data from the National Early Childhood Education and Care Collection to be disaggregated by the service funding type (e.g if reporting the indicator 'children enrolled in a preschool program', data could be disaggregated by those enrolled in a service that is government funded, or those enrolled in a service that is privately funded only).
