|-----------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Guide for use:</b> | <p>Includes patients who do not wait for treatment once registered or <a href="#">triaged</a>, and those who are dead on arrival.</p> <p>Both a non-admitted patient emergency department service episode and an admitted patient episode of care should be recorded for patients who subsequently undergo a formal admission. The end of the non-admitted patient emergency department service episode should indicate the commencement of the admitted episode of care, if applicable.</p> <p>A non-admitted patient emergency department service episode ends when either the patient is admitted or, if the patient is not to be admitted, when the patient's emergency department non-admitted clinical care is recorded as completed, or when they are recorded as having left at their own risk.</p> |
| <b>Comments:</b>      | This metadata item has been defined to support the national minimum data set for Non-admitted patient emergency department care.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
