Data element attributes

Collection and usage attributes

Guide for use: Record the date which a patient used specialist support services as part of their care during the initial round of treatment for cancer. This date should be recorded in conjunction with [Specialist support services code](#) or [Specialist support services text](#).

Specialist support services include community services, allied health services and other hospital support service, such as the use of psychiatrists, psychologists, physiotherapists, social workers, specialist nurses/nurse counsellors, cancer support or volunteer support groups, individual peer support services, counsellor/bereavement counsellor and pastoral care workers.

Collection methods: This information should be sought from the patient's medical record or collected in multi-disciplinary team meetings.

Comments: This information is used to evaluate the quality of care for patients with cancer, and may have implications for access to, and the provision of, cancer services.
