#### Data element attributes

### Collection and usage attributes

**Guide for use:** Record the date which a patient used specialist support services as part of their

care during the initial round of treatment for cancer. This date should be recorded in conjunction with  $\underline{\text{Specialist support services code}}$  or  $\underline{\text{Specialist support services}}$ 

text.

Specialist support services include community services, allied health services

and other hospital support service, such as the use of psychiatrists, psychologists, physiotherapists, social workers, specialist nurses/nurse

counsellors, cancer support or volunteer support groups, individual peer support services, counsellor/bereavement counsellor and pastoral care workers.

Collection methods: This information should be sought from the patient's medical record or collected in

multi-disciplinary team meetings.

**Comments:** This information is used to evaluate the quality of care for patients with cancer, and

may have implications for access to, and the provision of, cancer services.
