[Disability services provider details cluster](#)
      [Community Services (retired),](#) Standard 10/04/2013
      [Disability,](#) Superseded 13/08/2015
DSS specific information:

This data element should be reported by funding departments in relation to all funded agencies.

This identifier must be included as part of the Service type outlet identifier.

This data element is required to facilitate data editing, and linkage between funding departments and funded agencies. The funded agency ID needs to be identified separately from the service type outlet ID to allow organisations running more than one service type outlet to separately identify information on service users accessing each service type.
