	Value	**Meaning**
Permissible values:	Y	On the hospital campus of the health care provider
	N	Off the hospital campus of the health care provider

Data element attributes

Collection and usage attributes

Guide for use: This data item is a mandatory item for national reporting in:

Non-admitted patient DSS 2013-14

Activity based funding: Non-admitted patient care DSS 2013-2014

Non-Admitted patient DSS 2014-15

It is reported nationally using the data element:

Non-admitted patient service event—service delivery setting, code N

Local codes are mapped to national codes for reporting purposes:

Local codes (NAPAAWL codes)	National codes
Y On the hospital campus of the health care provider	1 On the hospital campus of the health care provider
N Off the hospital campus of the health care provider	2 Off the hospital campus of the health care provider

The synonymous name APP_SETTING_CODE is used for local reporting purposes.

The nationally reported data element has the synonymous name SERVICE_DELIVERY_SETTING.

Although this data element is recorded in the NAPAAWL DC at the appointment level, it is reported nationally at the service event level.

The NAPAAWL DC gathers all activity information and uses this to ascertain service events. Only the activity that meets the definition of a non-admitted patient service event will be reported nationally.
