# Indigenous primary health care: PI10a-Number of regular clients with a smoking status result, 2014

# Identifying and definitional attributes

Metadata item type: Indicator

**Indicator type:** Output measure

**Short name:** PI10a-Number of regular clients with a smoking status result, 2014

METEOR identifier: 504714

**Registration status:** Health, Superseded 13/03/2015

Indigenous, Superseded 13/03/2015

**Description:** Number of regular clients who are Indigenous, aged 15 years and over and whose

smoking status has been recorded as one of the following:

current smoker;ex-smoker or;never smoked.

Rationale: Smoking has been identified as one of the key risk factors contributing to the

burden of disease for Indigenous Australians. It is important that Indigenous primary

health care services know the smoking status of clients in order to provide

appropriate medical care.

Indigenous primary health care key performance indicators (2014)

Health, Superseded 13/03/2015 Indigenous, Superseded 13/03/2015

# Collection and usage attributes

Population group age

from:

15 years

Computation description: Count of regular clients who are Indigenous, aged 15 years and over and whose

smoking status has been recorded as one of the following:

· current smoker;

· ex-smoker or;

· never smoked.

'Regular client' refers to a client of an OATSIH-funded primary health care service

(that is required to report against the Indigenous primary health care key

performance indicators) who has an active medical record; that is, a client who has attended the OATSIH-funded primary health care service at least 3 times in 2

years.

Presented as a number.

Calculated separately for each smoking status.

**Computation:** Numerator only.

**Numerator:** Calculation A: Number of regular clients who are Indigenous, aged 15 years and

over and whose smoking status has been recorded as 'current smoker'.

Calculation B: Number of regular clients who are Indigenous, aged 15 years and

over and whose smoking status has been recorded as 'ex-smoker'.

Calculation C: Number of regular clients who are Indigenous, aged 15 years and

over and whose smoking status has been recorded as 'never smoked.
